

# Cubu Decor

TCF  
totally  
chlorine-  
free

The modern solid core skirting „Cubu Decor“ is characterized by its imprinted design, which is continued on the soft lips at the top and bottom, creating a harmonious connection between the floor and the skirting. The high-quality solid core made of FSC/PEFC-certified softwood fibers is coated with high-performance polymers, making the core skirting robust and moisture-repellent.

## Advantages at a glance:

- Printed design throughout, including printed, flexible soft lips at the top and bottom
- decors are matched to many popular design floor coverings
- Mechanically highly resistant, moisture-repellent surface with printed design
- Profile ends can be easily and quickly formed from the profile (without additional moldings) using the Doellken mirte tool (guillotine)

## Döllken Profiles

SURTECO GROUP

# Product information

Consisting of HDF - core, covered with the chlorine-free polyblend based on PP/TPE, with flexible edges on top and bottom

The inside and outside corners can be formed from the profile using the Doellken mirte tool (guillotine). Assembly is invisible using the Doellken hot melt adhesive.

TCF  
totally chlorine-free

A+

[www.blauer-engel.de/uz176](http://www.blauer-engel.de/uz176)

- emissions- und schadstoffarm
- Holz aus nachhaltiger Forstwirtschaft
- in der Wohnumwelt gesundheitlich unbedenklich

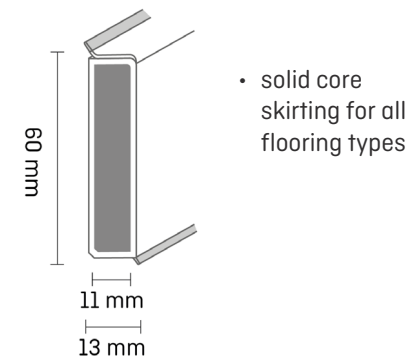

The core skirting board has been awarded the Blue Angel and has a very low emissivity. No harmful organic compounds are released into the indoor air.
